To View Albums

Go to www.ordermygift.com. Each of 21 online album offers about 40 different gifts, with brand names you know and trust. Keep this price list handy while viewing the albums because prices are purposely not listed at this website. The gift recipient cannot see the price of their gift album ... only the gifts.

You choose the category. You choose the price. They choose the actual gift

To Order Albums

Go to www.amwayglobal.com/tomv Type the word "Ribbon" in the search field at the top of the page. Select how many of each album "ensemble" you want (The "ensemble" includes a classic gift envelope, plus a catalog with partial listing of potential gifts, plus the standard gift card for the same price as just the gift card.), provide shipping address, enter the text for the gift card (if sent directly to them), enter your payment information, and click "send".

Giving a Ribbon Gift Album ... gives yourself the gift of satisfaction ... guaranteed ... because ... each gift gives a 'satisfaction' guarantee ... and albums do not have an expiration date.
